### **I Delight in Those Who Pick Themselves Up Continually**

I delight in My people, and I delight in those who are on milk, those who are on meat, and I delight in those who pick themselves up continually, who prostrate themselves in My Presence and say, "Forgive me." And I forgive them.

And I delight in My children who are reaching up and they trust Me, even though they do not understand what is happening to them. But I would say, what was said under inspiration a moment ago, now I will say by My Spirit: If you get on the path, for you become what I said that you are, this is the path that you pick up and walk in everything I have given you along the way.
