

The Lord's Present-Day Speaking

PT100228A – Feb 28, 2010
He's Compressing Time

He's compressing time, because of what [at] one time took hundreds of years to say, I can say now to the whole world from one place. Even as the handkerchiefs went out to Asia Minor, those who carried them carried the Gospel, that now My power can go to all places from one place.

For you will see, I can do there what you are praying here, for never has the world been more unified in the areas of communication as now. Therefore, hold onto these things. Take advantage of them to fullness, for the world is ready to hear the truth as the water covers the sea. I will shake things, not once, but twice, but I will have My harvest before the end, says the Lord.

Comments – Media is a powerful tool and it looks like it is our time.

Be encouraged: For you don't have to know everything that you think that you need to know to enter into this. Just give Me your heart, and I will give you Mine, says the Lord.
