

## **The Lord's Present-Day Speaking**

**PT111203 – Dec 3, 2011**

### **Obey—By This You Will See Much Fruit**

My Church is at a crossroads and there is a danger at this crossroads where many are standing. The danger is that of not choosing to move forward in Me through inactivity—not doing that which is known to do to move forward in Me. Many are at a juncture and there is grace to move forward into a place in Me that I have longed for My Church to occupy.

This is a time of a forward move into a place in My love and My truth which the Church has not occupied for a long, long time, and the only way into this place is to follow My Spirit in that which He instructs you to do. The instructions you have been given are the steps given by My Spirit into the next place in Me. It is all about Me and you—more of Me in you and a greater depth of My love in you and to you, as well as finding a greater depth of love for Me. It is a great time to be in Me, but it is a time of decision.

The decision is, will you do all I have called you to do and obey My instructions to you? If you say you have not heard My instructions to you, simply look to My Word. Build yourselves up, My beloved; pray in the Spirit; be kept in My love. Sing to yourselves in psalms and hymns and spiritual songs and worship Me in spirit and in truth. Take My Word and speak it, being filled with the truth of who you are in Me. I wait for a people to come forward in Me and see like I see and move forward in greater power and wisdom, bringing the Kingdom into manifestation. I wait for the maturing of truth—the truth that brings you forward into who you are in Me. The fast shall surely surge forward by My truth and what they do with My truth. It is an hour of decision and a forward surge in Me.

Take note: The surge forward may not be apparent to you at times, but know this, as you obey, My Spirit will perform My work in you. You are My handiwork, and My work, you will see is the result of obedience to My truth. My Word is truth and My instructions are true. What I say to do—do, and great will be My work in you, for My life in you comes forward not by any might or power on your part, but by My Spirit working in you. Allow My work in you by My Spirit, doing what you know to do, and obey My instructions to you. By this you will see much fruit.

My life in you is true and it is time for My life to become much more apparent in each of you. Take My words to you and partake of them and obey all I say to you. Take the journey into more of Me, more of My life, more of My truth in you. There are great things on the path ahead of you.
