I Can Become Your Strength

Editor's Note: The following was spoken during a grace line for fasting.

I choose to do it this way because I can, for you get this close and your heart is set on truth—My truth—and I can come with My grace. And while you are reaching out for Me, I can become your strength. For this is not selfish on your part, but it is for the Kingdom; therefore, rejoice and become strong—I have more for you than you know.
