Receiving With the Heart

“Receiving with the heart”—because you separate the problem to Him, you give it to Him. This is why it is a good thing with the praying in tongues, because it doesn't matter how many strongholds you have—systems of thought empowered by emotions—it doesn't matter. One by one, He will take them “out to lunch” and put them to death.

You keep praying, and He is going to isolate them one by one and kill them [the roots of the strongholds].
