Reach Further—I Am There

I said these things to you today, for I wanted you to reach further down on the inside. You will see—I am there. Any difficulties that you face, I am only too pleased and willing—very [pleased and willing to help].

For those deeper things that you are believing for and standing in [faith for], I am more than willing to fellowship with you on those things, for generally they have to do with a lifetime call.

Boy, if I had been fighting prayer, if I was you, I would quit fighting and do it.
