**PT120212D – Feb 12, 2012**

### **Valleys and Valleys of Answered Prayer in Front of You**

For in a time such as this, is there really anything I can't do when I have something to do it with? No. No.

Again I say, No. No, there is nothing too hard for Me. Only believe. All things are possible to you. I can change your situation in a matter of time. There is no problem that is too hard for Me to release what I have in store to do what I have said that I could do about the problem such as you have. For what can be done is what I will do, for there is nothing too hard for Me.

For what calls itself or [is] named "religion" in My Name, they know very little about Me, nor what I can do. They have very little faith, except in the overall picture that by and by they will be with Me. But hear what I have to say to you, that I enjoy the fellowship I have with you on a day-by-day basis and take great delight in fulfilling everything that My Son has provided for you when you believed Me and what I said, says the Lord.

So you don't have to approach Me as though this is a hard thing that you need to convince Me to do. Approach Me steadfast in boldness, knowing what I have done for you, and in doing what I have done for you, it delights Me into performing and doing those things that you are asking Me to do.

So lift yourself up. You don't have to walk in that defeated realm. Lift yourself up and be bold and learn how to practice My Word. Learn how to dismiss pressure and receive peace. Come with Me; you'll see: There are valleys and valleys of answered prayers in front of you.
