

The Lord's Present-Day Speaking

PT120923B – Sep 23, 2012
Take Everything in With Great Hope

I delight in these times when My mind is spoken to you, not only by revelation, not only by teaching, but by mysteries, by interpretation, [and by] any way that I get to communicate with you on a close level where My mind is active at that time, for there are things that I desire and things I desire to address.

I want you to be encouraged and take everything in with great hope, for [in] your walking with Me, your hope will be put to substance and you will get to see some of these glorious things as we draw closer and closer to the times that are coming.
