**I Will Be There With What You Need**

When things get bad or worse, because of the times, [it] does not mean that your ministry of salvation has come to an end. For if you stand up to it and love Me and love those who need to be saved, I will be there with what you need; you will see.

So there is no reason to have any fear—this is why perfect love can cast it out, and this is why you don't need to fail from failure under any circumstances.
