**PT131215E – Dec 15, 2013**  
**As You Increase in Hearing My Voice**

*Editor's Note: The following was for an individual or individuals who have been questioning their call.*

I can tell you the answer to what you have been wondering, and about the time that you are convinced that you are [called], then the enemy comes along and convinces you that you are not.

So I can tell you that you are, and as you increase in hearing My voice, then you will be able to walk down a more narrow path. But, yes, in answer to your question: My hand is upon you. You do have a call.
