Come Just a Little Bit Higher

I just could hear the Lord say—it's like He is encouraging us—Could you come just a little bit higher? It's like He was saying: Could you come just a little bit higher? Because as you are stepping, as you are reaching, My glory is manifesting.

It is not very far away that place that you desire. Yes, that place where the work that I have done in your spirit is manifested in your soul—that place is not very far away. And as you continue to reach in beyond the realms of the flesh, and you reach in, in those times of worship, refreshing, and outpouring of My Spirit, you will receive. And you will see that I will bring all of those things that the enemy has yelled at you and said in your ear—I will bring all of those things to naught, to nothing, because really, that's what they are. But in the realms of the soul, you will begin to receive the same things that I have been doing in the realms of the spirit. You will begin to receive them because you have asked Me.

You have asked Me for the kind of worship, the kind of worship that you are stepping into even now. These are the things that you have asked Me for, and it is not far away. So just rest in Me—receive the refreshing that is My Presence.
