Bowing Must Become Your Life

The bowing of the soul before the Lordship of Christ has been a process of many years for many of you who have sought Me through this message. And it has been a process of bowing and surrendering, running, returning, bowing and surrendering again. But the time has come and now is where the bowing must become your life—where My mind takes supremacy in your mind and where My life is made manifest in your body—that the world may know that the Father has sent Me and that I have sent you that the works of the Father may be manifest once more that the lost sheep of this planet be returned to the fold of My Shepherd, who is My Father.
