

Calling in the Lost - First Instructions

Dave Roberson

What I wanted to teach you is just a simple confession. Just the fact that you are making the confession is all you need to know to make it work, because God is looking for people who will lend to Him their authority for Him to use to do what you are saying, when what you are saying is what He wants. Do you remember what He said about the Lord of the harvest? The laborers are few and the harvest is plenteous. Pray the Lord of the harvest. If God wanted them saved more than we do, why didn't He just do something Himself? Why bother with it? The reason is that the authority was transferred from Jesus Christ to us, His Body here on this earth.

Where we don't move, God doesn't move. That's why He said, 'How shall they hear lest a preacher is sent?' How beautiful are the feet of them that carry this glad tidings of good news. What we don't bring, they don't hear. We instigate the truth and send it forward by every means. and no matter how we do it, whether by telephone, by television, sending a wire, a book, leaflets, however they hear the Word, they heard it, and faith comes in. Until somebody does that, they will not hear. So if you pray the Lord of the Harvest that is the same as Him saying, "You gave Me the authority to move and I will move."

When you pray for a loved one, my God, you send angels after them and you send God after them. If necessary, when you get strong enough about it, Jesus will walk in and talk to them about going to Hell. You are the one that caused it! He came because of your authority. Some of you have been experiencing that to some degree. Sandy has been getting calls from her relatives that are breaking down under the pressure wanting to come back here and be born again and serve God. She's awful happy about it and says, "Oh, this stuff works, doesn't it?" You bet it works!

So when we do stand and begin to worship God and call the lost in, our intention is to slide into that worship to where we become one with it and it becomes one with us. Where God is actually, through His power and anointing, dictating these things through us. Now this is what He said when He talked about, "You can say to the mountain, be thou removed and cast into the sea" and you doubt not where? Where? In your heart! Then you will have what you say with your mouth.

If you doubt not where? Your heart! You'll have what you say with your mouth. What saying it with your mouth does is, generally, it finally pulls your heart in. Once your heart is pulled in, the process reverses and you finally get what you are saying with your mouth. This is why it may take you thirty minutes of giving yourself to Him and His anointing, and Him to you, but once you are in there, He is taking your authority and doing incredible things with it. Jesus will become to this church what you call Him.

Of course you know Ephesians chapter five: Be not drunk on wine wherein is excess, but on the other hand, be filled with the Spirit, speaking to yourselves in psalms and hymns and spiritual songs, making melody in your heart to the Lord. He said to not be drunk on wine. The world has to get drunk on wine to cope. You don't have to. There is a place in the Spirit where when you keep confessing His Word over something, what you are doing is ministering to yourself, your own heart. You are not actually moving God. You are moving yourself into a place to line up with God. That's why He says you can be drunk on the new wine by ministering to yourself, over and over, in psalms and hymns and spiritual songs, things that came from the Spirit, like what I am about to give you. You keep ministering that over and over and over until eventually it will move your heart, because it is your heart that you are ministering to. As soon as it is able to move your heart, your heart lines up with God's heart, and that incredible authority comes. Then a thousand angels can go through this city at one time and usher sinners in. Then the glory will fall to meet them. That's what revival is about. Praying in tongues transforms you enough so that I don't believe any of you are going to give in to the devil's beatings. The devil will take your persecution to a new level because you are doing this. You'll know if you don't pass because you won't be here. You'll know if He can't use you for revival because your circumstances will beat you out of it. You'll stop.
